

Spelling Success

The Spelling Success series provides students with learning activities that embrace the different elements of the spelling system. Each book focuses on the different scope and sequences in the development of spelling skills for each age group or skill level.

The activities in each book are sequential through the four terms of the school year. Each term is divided into the four areas of knowledge that need to be understood and learned in order to develop a comprehensive mastery of spelling: Phonological Knowledge, Word Function Knowledge, Meaning Knowledge & Word Fun.

This book also contains useful tools to support students with their spelling:

Useful Words list

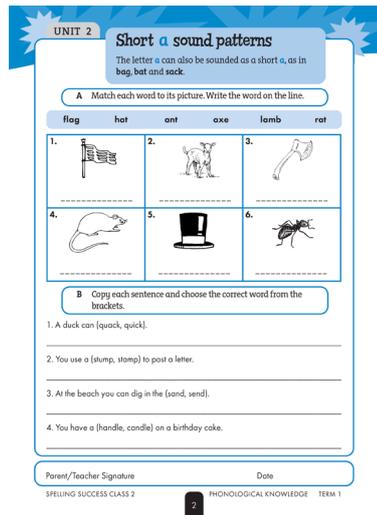

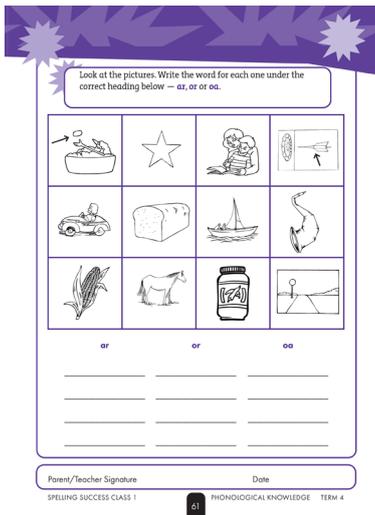

WINK: Words I Need to Know — space to record problematic words

Some Tips for Learning to Spell

Assessment checklist

Glossary of Terms Answers to all activities are provided in a special liftout section.

A useful topic list for the whole year is given before the units. Spelling Success provides an integrated method of teaching phonics, spelling and vocabulary.
