Fun Facts

What are two fun facts that you learned from this story? Draw them and write a few lines about them in the space provided.

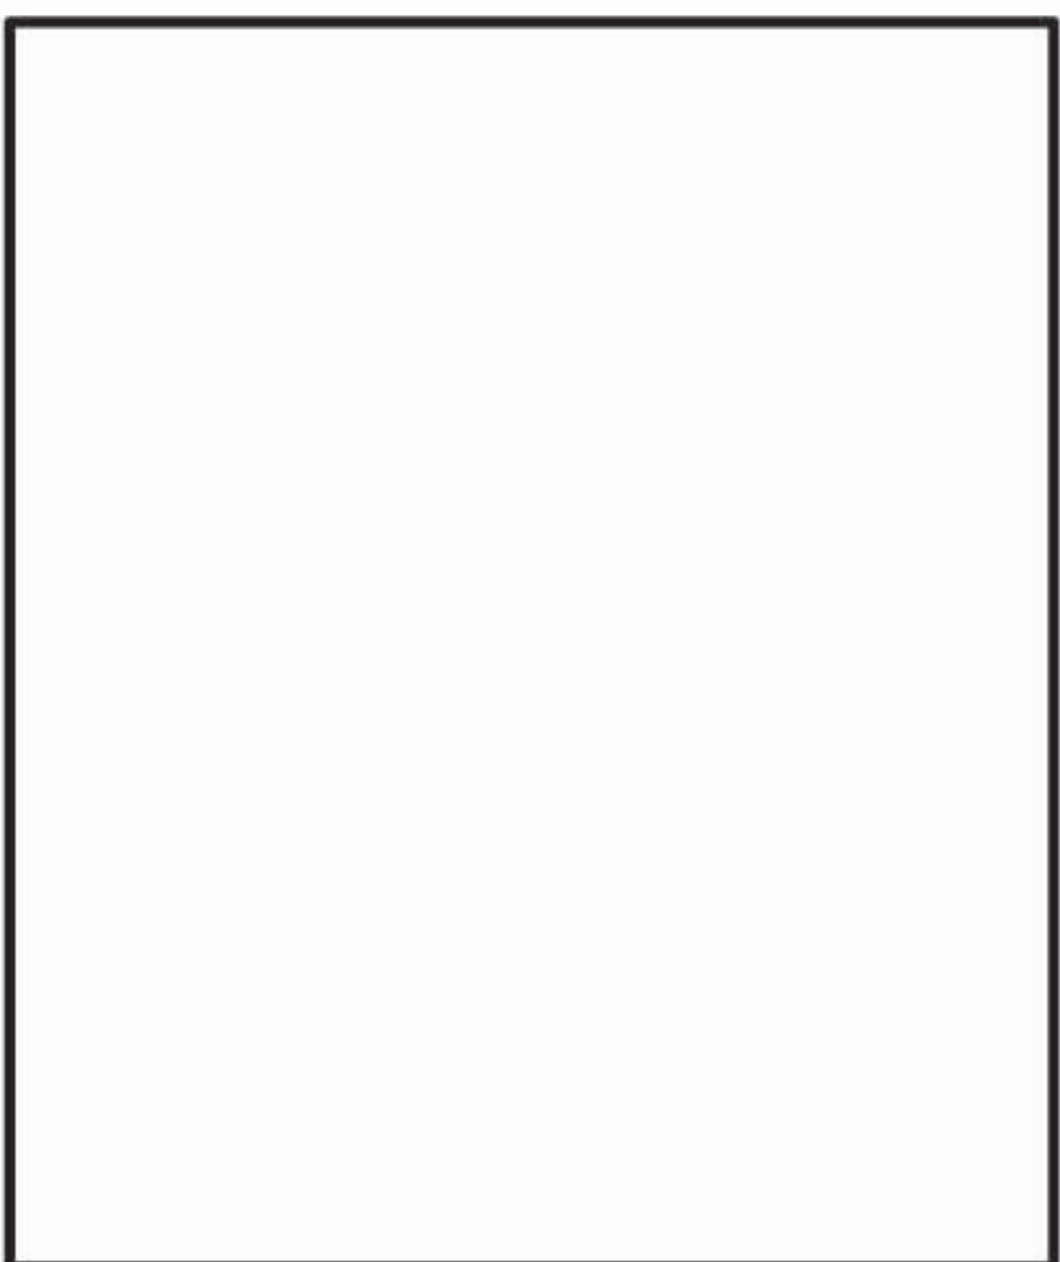

Fact 1

Example:

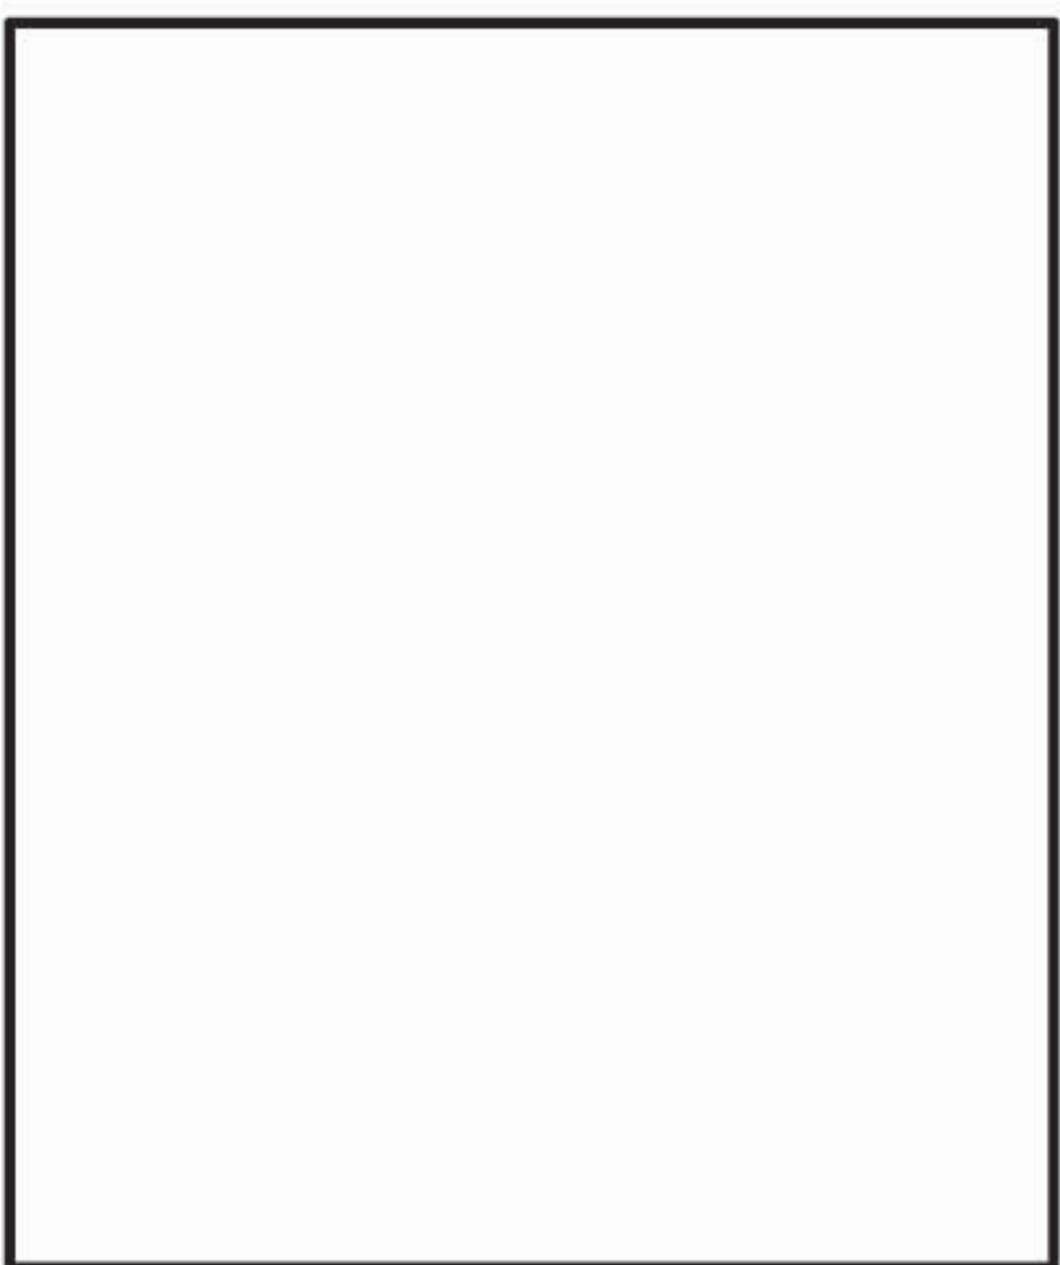

I learned that every second of every day, lightning strikes Earth an average of one hundred times.

Fact 2

I learned that jets get hit by lightning often.
The electricity travels through the metal body
of the plane, so it doesn't harm the people
inside

Fact 3

I learned that light travels faster than sound.
So we usually see a flash first. Then we "hear"
seconds of silence. The more seconds pass, the
farther the lightning is from us.
