Music direction, Elizabeth Draper  
Music arranged and produced by Mark Oblinger

Why is math so important to learn? It's because we need and use math every day. Math helps us when we shop, when we cook food, and even when we play with our friends. To learn about the ways we use math, turn the page and sing along!

$$3 + 4 =$$

$$2 \times 5 =$$

$$7 - 1 =$$

When you're biking or with your friends,  
you use math as you play.

When you're cooking or out shopping,  
it is math that saves the day.
