Playgrounds can be filled with people
doing their favourite things
with others...

The playground is a place
where lots of people come
together to play, and laugh,
and chat and have a break.

or spending time by themselves.

And when lots of creatures come together in one spot,

Playgrounds are a little bit
like the jungle.

Lots of creatures come together
to live and play in the jungle.

things can get really
wild and adventurous.
